62 Desk

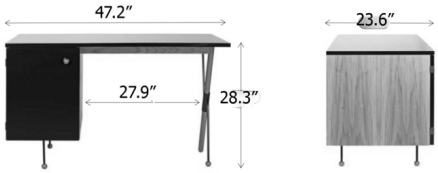

By Gubi

Description

Originally conceived in 1952 by Swedish designer Greta M. Grossman, the 62 Desk received its name as it was considered to be ten years ahead of its time. The desk is constructed from walnut veneer, glossy black laminate, and powder coated steel, an elegant pairing of materials that emphasizes the desk's asymmetric form. 62's legs are capped with walnut orbs that provide a geometric visual accent.

Shown in black / walnut
