Mategot Flower Pot

By Gubi

Description

Originally designed in 1953, Mathieu Mategot created the Mategot Flower Pot by combining a traditional silhouette with modern materials. The perforated metal, known as Rigetulle, is pleated and arranged around a circular frame for a light and elegant expression. The Mategot Flower Pot will elevate any space as both a functional object and artfully designed accent piece. Note: The 10.8 inch diameter pot is not available with mustard finish.
