## Basket Lounge Chair

By Gubi

### Description

The Basket Lounge Chair takes its name from its handwoven rattan base, a material traditionally used in basket weaving. The rattan exterior is formed over a steel frame that provides strength and stability to the chair's tiered form, and the rattan is treated with a polyurethane coating for added durability. The plush cushions provide a comfortable seat that makes Basket as practical as it is stylish.

Shown in rattan / belsuede special 133

### Specifications
