## Brockton Wall Sconce By Hudson Valley Lighting

## Description

A thick diamond-shaped alabaster shade is set on a square Aged Brass backplate with the Brockton Wall Sconce. Light fills the stone and reflects beautifully off the visible metal corners behind, while the smooth lines and rounded edges give the sconce and flush-mount a soft, soothing feel. Dimmable via Triac or electronic low voltage. Note: Each piece of alabaster is unique, containing its own character with natural veining patterns. As a result, there is no guarantee each piece will match.

Shown in aged brass / alabaster
