Grafton Chandelier

By Hudson Valley Lighting

Description

A sleek metal base has been chosen for the Grafton Chandelier in order to showcase the collection's designer glasswork. By setting the teacup-shaped shades on a minimalist platform, nothing detracts from the glass's brilliant diamond-pressed pattern. Grafton's clean outline invites glamour to modern settings. Note: Each piece of alabaster is unique, containing its own character with natural veining patterns. As a result, there is no guarantee each piece will match.

Shown in aged brass / alabaster
