Greenwich Ceiling Light

By Hudson Valley Lighting

Description

High-end materials take the Greenwich Ceiling Light to another level. The square Aged Brass backplate pairs with a round alabaster diffuser to give this flush mount a marine-like quality that is softened by square corners and hardware details. Dimmable via Triac or electronic low voltage. Note: Each piece of alabaster is unique, containing its own character with natural veining patterns. As a result, there is no guarantee each piece will match.

Shown in aged brass / alabaster
