

BRAND Les Jardins Solar Lighting

DESCRIPTION

Crafted out of aluminum, the Bloom Outdoor Solar Floor Lamp adds an edgy, modern sculptural element to your outdoor space with its bold hourglass silhouette. This cordless LED lamp is rechargeable through the solar panel or micro-USB charging port. It has a simple on/off mode and a smart mode that automatically adjusts brightness based on ambient light and power reserves. The 3W 500 lumens option also has a motion sensor and dusk to dawn setting. A push button on the LED module is used to turn the light on or off, set dimming level, turn the motion sensor on or off (if available), and select operation modes. For the 2W 300 lumens option, a solar charge takes 8 hours in optimal conditions, and a fully charged lamp stays on for 4-150 hours depending on the dimming level used. For the 3W 500 lumens option, a solar charge takes 8 hours, a USB charge takes 7 hours, and a full charge lasts for 5-200 hours.

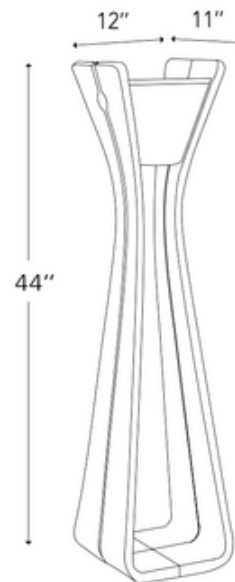

SHADE COLOR	N/A
BODY FINISH	White
WATTAGE	3W
DIMMER	Included
DIMENSIONS	12"W x 44"H x 11"D
INTEGRATED LED MODULE
