Wing Table Lamp By Audo Copenhagen

Description

Originally designed in the 1980s by Swedish designer Kenneth Bergenblad, the Wing Table Lamp features a sleek, minimal design that will effortlessly blend into any interior. Taking its name from its bent aluminum shade, Wing is both stylish and practical, with a 360 degree rotatable shade that projects light in two directions. Place Wing on a desk or side table to provide task lighting for working or reading. On/off switch located on cord.
