Bryden Smart Ceiling Fan with Color Select Light By Visual Comfort Fan

Description

The Bryden Smart Ceiling Fan with Color Select Light features a sleek transitional design. Equipped with an LED light and quiet DC motor, the Bryden is an energy-efficient choice for freshening up and illuminating living rooms and bedrooms or covered outdoor decks and porches. Color temperature (CCT) of the light can be adjusted to 2700K, 3000K, or 4000K using the various controls. The fan fits seamlessly into your modern lifestyle, integrating with smart home tech including Alexa/Echo, Google Home, SmartThings, Control4, ELAN and Hubitat. It can also be controlled through the Bond Home app on your phone, where you can adjust fan speed, use breeze mode, and create schedules and fan groups. An additional control option is the included handheld remote control which enables motor on/off, 6 speeds, reverse, light on/off, CCT adjustment and dimming. Optional accessories are sold separately.
