Spark Chandelier By Niche

Description

The Spark Chandelier celebrates minimalist design with its simple but elegant silhouette. The circular steel frame supports an array of exposed, vintage-style bulbs for an industrial-chic aesthetic. The chandelier may be installed with the lights directed up or down to create a variety of lighting effects. Note: The 24 inch diameter chandelier is available only in Architectural Bronze finish, and the 36 and 48 inch chandeliers are available only in Brushed Aluminum finish. Due to the weight of the fixture, the 48 inch chandelier requires additional ceiling support.

Specifications
