Berenice Desk Lamp

By Luceplan

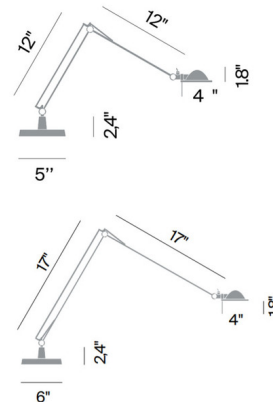

Description

The Berenice Desk Lamp features fluid movement of the jointed arms and 360 degree rotation of the head, making it possible to adjust the direction of the beam. The parabolic reflector directs light into a concentrated beam that is perfectly suited for task lighting. Die-cast aluminum structure and base finish in Black or Aluminum. Parabolic reflector in pressed glass or metal. On/off switch on head. Note: Reflector included.

Shown in black / satin white glass
