Berenice Plug-In Wall Light

By Luceplan

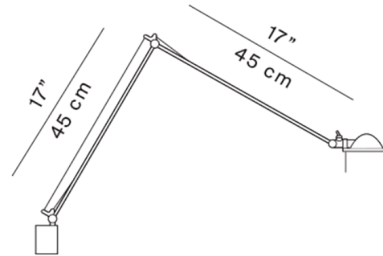

Description

The Berenice Wall Sconce features fluid movement of the jointed arms and 360 degree rotation of the head to adjust the direction of the beam. The parabolic reflector in metal or pressed glass directs light into a concentrated beam that is perfectly suited for task lighting. Die-cast aluminum structure and bracket finish in Black or Aluminum with cord and plug. On/off switch on head. Note: Reflector included.

Shown in black / yellow glass
