Enna Twin Wall Sconce

By Astro Lighting

Description

Clean-lined and crisp, the Enna Twin Wall Sconce is as functional as it is stylish. This wall-mounted reading light is designed for two-person use, placed centrally over one bed or between two beds. Two heads with recessed integrated LED lights provide low-glare light, and each can tilt 90 degrees and rotate 330 degrees to aim the light and avoid disturbing a fellow sleeper. Each head can be turned on or off using a rocker switch on the base. Note: The hardwired option requires a 2 x 4 inch junction box in the horizontal position (backplate height is 3.15 inches).
