Luce dOro Floor Lamp

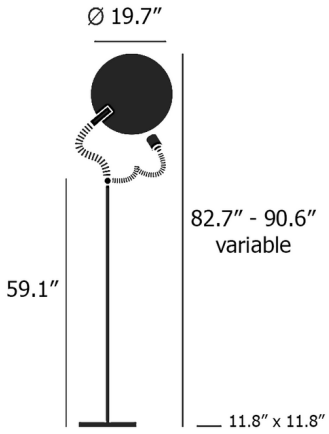

By Catellani & Smith

Description

When designing the Luce d'Oro Floor Lamp, Enzo Catellani was inspired by both the shape and warm glow of the sun, as seen in the lamp's reflective disc in metallic Gold, Silver, or Copper leaf finish. The disc and light socket are each attached to a flexible arm, allowing light to be aimed directly or reflected off of the disc for an indirect lighting effect. The iron post base provides a touch of industrial aesthetics. Dimmer switch located on cord.
