Luce dOro Table Lamp

By Catellani & Smith

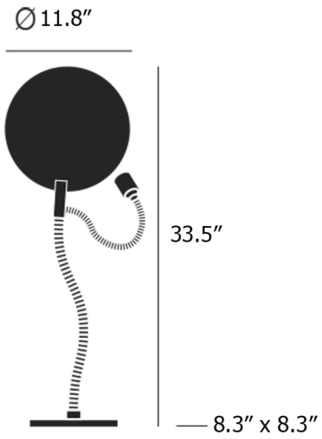

CE

Description

When designing the Luce d'Oro Table Lamp, Enzo Catellani was inspired by both the shape and warm glow of the sun, as seen in the lamp's reflective disc in metallic Gold, Silver, or Copper leaf finish. The disc and light socket are each attached to a flexible arm, allowing light to be aimed directly or reflected off of the disc for an indirect lighting effect. The square iron base provides a touch of industrial aesthetics. On/off switch located on socket.
