Lucenera Floor Lamp

By Catellani & Smith

Description

When designing the Lucenera series, Enzo Catellani aimed to move the emphasis off of the fixture and onto the light it produced. To accomplish this goal, Catellani used the simple shape of a cylinder mounted onto a simple post and square base. The articulated head allows the light to be aimed precisely where it is needed most. Available in Black or White with nickel details. On/off switch located on lamp head.

Shown in black

Specifications

COLOR	N/A
BODY FINISH	Black
