## PostKrisi Globe Pendant By Catellani & Smith

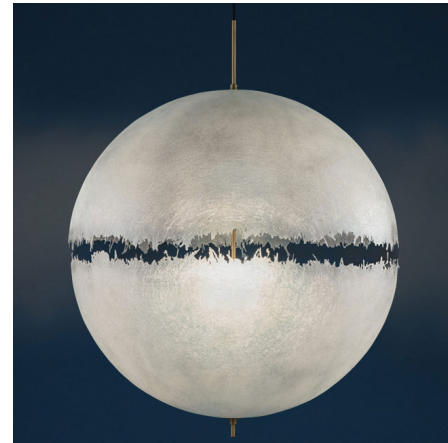

### Description

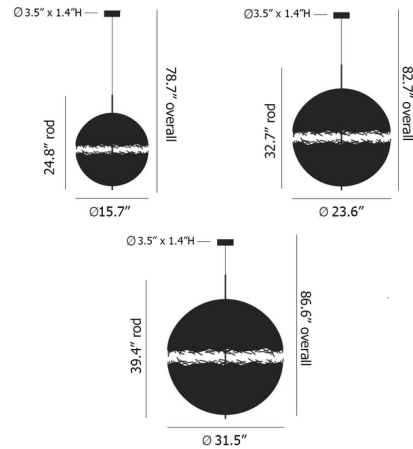

The PostKrisi collection was Enzo Catellani's first foray into working with fiberglass. While he was initially intrigued by the material's light weight and strength, he was captivated by the shadows cast as it interacts with light. The PostKrisi Globe Pendant features a pair of fiberglass hemispheres mounted on a central metal rod. As light passes by the rough edges of the fiberglass, an irregularly shaped band of light is cast upon the room. Includes round black mounting plate to cover standard US junction box. Available in translucent Natural Fiberglass or White Painted Fiberglass with Brass or Nickel rod and Black canopy. Brass rod is only available in 23.6 inch size.

### Specifications

COLOR	Natural Fiberglass
BODY FINISH	Brass
WATTAGE	24W
DIMMER	Low Voltage Electronic
DIMENSIONS	23.62"W x 23.62"H
BULB NOT INCLUDED	3 x A19/Medium (E26)/8W/120V LED
