## PostKrisi Wall Sconce

By Catellani & Smith

### Description

The PostKrisi collection was Enzo Catellani's first foray into working with fiberglass. While he was initially intrigued by the material's light weight and strength, he was captivated by the shadows cast as it interacts with light. The PostKrisi Wall Sconce consists of a fiberglass dome bisected by a nickel-plated bar for an understated accent. The rough edge of the fiberglass shade causes an irregularly shaped shadow to be cast onto the wall to create a striking display of light and shadow. Includes mounting plate in Nickel finish to cover standard US junction box.
