Vi Wall Sconce

By Catellani & Smith

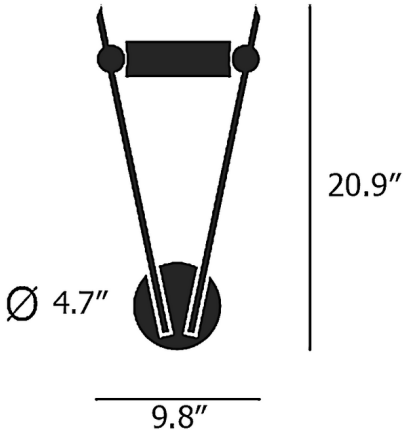

CE

Description

The frame of the Vi Wall Sconce consists of two angled rods reaching upwards to support a half-cylinder shade. The shade can be rotated 360 degrees to direct light from its onboard LED in a variety of directions. Direct the lampshade downwards for reading and other tasks or upwards for ambient, indirect lighting. Constant current driver. Includes mounting plate to cover standard US junction box.

Shown in black
