Bethlem Cabinet

By Cyan Designs

Description

The Bethlem Cabinet is a traditional piece of accent furniture. This full-size storage furnishing borrows elements from traditional decor, with its dark finish and decorative molding, as well as French country styling, with its ornate motifs and softly curved accents. Traditional forms are rendered in unfinished cold-rolled steel, making this cabinet unique. This cabinet is perfect for any unassuming but upscale dining room or kitchen space, with ample storage space on its five surface levels.
