Moonscape Vase

By Cyan Designs

Description

An ode to the man on the moon, the Moonscape Vase finds its inspiration rooted in the barren textural landscape of the earths only satellite. Boasting porous, patches made to resemble craters in an iridescent finish this tabletop vase is ideal for any mid-century modern or vibrant contemporary ensemble. Fill with your favorite seasonal floral arrangement atop your kitchen counter or display solo on your entryway table for a look thats out of this world.

Shown in iridescent
