## Clayton Chandelier By Dainolite

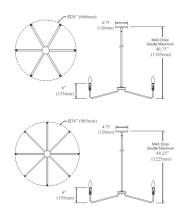

## Description

The traditional chandelier design gets a thoroughly modern makeover in the Clayton Chandelier. Straight lines and gleaming metal make a definitive statement in cutting edge glamour. A metal drop and frame comes in your choice of finish, contrasting or complementing in the traditional candle shape. The frame places the bulbs in a symmetrical, one-sided pattern perfect for placement against a wall. It's a look that complements a fashionable dining room, kitchen, or even a hallway.
