## Callway Chandelier

By Dainolite

### Description

Modern, yet timeless, and sleek, but with a hint of vintage distinction, the Callway chandelier has a fluid sense of elegance that will grace any room. The base drop is crafted in metal, with a choice of finish that provides a contrast to the light fixtures. The bulbs are round, completing the curved design. Callway chandelier lighting will blend with both modern and more traditional furnishings, including mid-century and pop art design schemes.

Shown in aged brass / clear
