## Orion Linear Pendant

By Dainolite

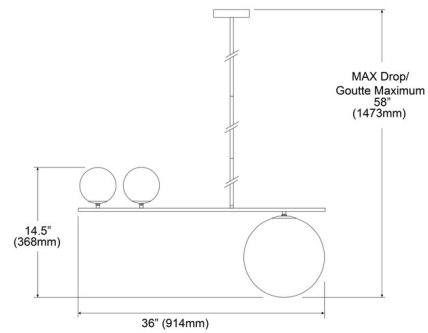

### Description

An elegant and unique modern piece, the Orion Linear Pendant uses a complement of sleek metal and clean glass to create an eye-catching and pleasurable display. A slim metal down rod descends from the ceiling and intersects into a matching horizontal rod that mounts the set of spherical glass shades. Hanging below the rod to the left is a larger, single orb, while to the right, a pair of matching orbs rest above the rod.

Shown in matte black / opal white
