A Line Storage Bench

By Form & Refine

Description

A Line Storage Bench is an updated version of the classic storage bench - where functionality meets clean form. A solid and versatile bench with slightly reduced dimensions and minimalistic characteristics. The lid is lifted via a small leather handle and is held in place by the construction when in use. The lower cut of the two legs angles the piece so as to give it a feeling of being lifted up making the overall design solid and robust, but also stylish. Note: The 43.9 inch option includes 2 storage compartments. Note: Not all options are available.
