Hardscape Light 12V

By Kichler

Description

The Hardscape Light is a fully sealed, integrated LED fixture with a 270 degree rotation from the mounting bracket which allows exact placement of the light where it is needed. Precisely designed optics ensure smooth, uniform light distribution and virtually eliminate hotspots and glare. An integrated 4 kV surge protector defends against power surges and irregularities. Note: A transformer is required, sold separately. This fixture is to be used only with a transformer rated a maximum of 300W (25 amps) 15V.

Shown in textured architectural bronze

Specifications
