## Monolith Vase

By Kristina Dam

### Description

The Monolith Vase is a modern designer-vase with a bold appearance from Kristina Dam Studio. Seen from a distance the Monolith vase might appear as a single massive stone or rock formation. The vase has a rough concrete-like outer surface that gives it a distinctive urban and rocky appearance especially well-suited for the modern home interior. The inside of the Monolith vase is glazed making it able to contain water for the living flowers that you might place in it.
