Jackson Table Lamp

By Adesso Corp.

Description

The Jackson Table Lamp adds natural elements to the contemporary tripod design for a stunning complement to any decor. The wood tripod base is sturdy and stylish and features antique brass detailing. Topping the lamp is a short drum shade that highlights the texturing of the material as it disperses the light and is trimmed with fabric along the top and bottom. A 3-way rotary socket switch provides a variety of lighting options, allowing you to easily adjust the brightness between low, medium, and high, while the lamp is powered by a 5 foot cord covered in fabric.
