Nolan Wall Sconce

By Adesso Corp.

Description

Add warmth and timeless style to your space with the Nolan Wall Sconce. For symmetrical design, pair two of these sconces on either side of beds, fireplaces, or mirrors or place individually in entryways or other spaces for a pop of light. A round base crafted of black metal supports a slender arcing stem, and suspended from the stem is a stunning glass globe with an eye-catching beige swirl pattern that throws warm light. For versatile lighting options, an articulation point at the base of the glass globe allows you adjust the shade, directing the light wherever it's needed.

Shown in black / beige ombre
