Nolan Table Lamp

By Adesso Corp.

Description

Add warmth and timeless style to your space with the Nolan Table Lamp. The arcing design of this desk lamp makes it the perfect light source on desks, nightstands, and end tables. A round base crafted of black metal supports a slender arcing stem, and suspended from the stem is a stunning glass globe with an eye-catching beige swirl pattern that throws warm light. For versatile lighting options, an articulation point at the base of the glass globe allows you adjust the shade, directing the light wherever it's needed. With a discreet black rotary switch located on the base, it is easy to turn the lamp on or off.

Shown in black / beige ombre
