Nolan Floor Lamp

By Adesso Corp.

Description

Add warmth and timeless style to your space with the Nolan Floor Lamp. Its slender metal pole and low-profile base make it easy to position near love seats, couches, armchairs, or side tables and is ideal for smaller spaces. A round base crafted of black metal supports a pole and slender, slightly arcing arm, and suspended from the arm is a stunning glass globe with an eye-catching beige swirl pattern that throws warm light. For versatile lighting options, an articulation point at the base of the glass globe allows you adjust the shade, directing the light wherever it's needed. With a black rotary switch located on the pole, it is easy to turn the lamp on or off.

Shown in black / beige ombre
