Nolan Arc Floor Lamp

By Adesso Corp.

Description

Add warmth and timeless style to your space with the Nolan Arc Floor Lamp. The arcing design of this floor lamp makes it the perfect light source for reading in a recliner or working at a desk, while its slender metal pole and low-profile base make it easy to position near love seats, couches, armchairs, or side tables. A round base crafted of black metal supports a pole and slender, gracefully arcing arm and suspended from the arm is a stunning glass globe with an eye-catching beige swirl pattern that throws warm light. For versatile lighting options, an articulation point at the base of the glass globe allows you adjust the shade, directing the light wherever it's needed. With a black rotary switch located on the pole, it is easy to turn the lamp on or off.

Shown in black / beige ombre
