Sputnik Floor Lamp

By Adesso

Description

The Sputnik Floor Lamp is crafted of antique brass and features the quintessential mid-century modern Sputnik silhouette, as it is a dramatic addition to living rooms, dining rooms, or bedrooms. The tall, slender antique brass pole is topped by three matching rods that lead to six lights, illuminating your space with warm amber light in all directions. To maximize visual interest and create a unique geometry, the three rods are of varying lengths and set at offset heights and angles. The lamp is anchored by a 10 inch square base with an antique brass finish, while it is operated by a rotary switch located on the pole.
