Everett Table Lamp

By Adesso Corp.

Description

With an inspired mix of materials and colors and a silhouette of soft curves, the Everett Table Lamp is equally at home in industrial, farmhouse, or transitional spaces. Primarily crafted of black metal from the round base to the vintage domed shade, the lamp features a contrasting natural wood accent piece along the stem for a pop of visual appeal. The large black metal dome shade directs the light downward, making the lamp an ideal addition to desks and nightstands. The lamp is easily operated by double pull chain switches made of black metal.
