## Everett Floor Lamp

By Adesso Corp.

### Description

With an inspired mix of materials and colors and a silhouette of soft curves, the Everett Floor Lamp is equally at home in industrial, farmhouse, or transitional spaces. Primarily crafted of black metal from the round base to the vintage domed shade, the lamp features two contrasting natural wood accent pieces along the stem for a pop of visual appeal. The large black metal dome shade directs the light from downward, making the lamp an ideal addition beside reading chairs or other furniture. The lamp is easily operated by double pull chain switches made of black metal.
