Nina Table Lamp

By Adesso Corp.

Description

Brighten your space with the style and functionality of the Nina LED desk lamp. A round base supports a narrow matching stem, and suspended from the stem are dual textured milk glass shades that are connected with an hour-glass shaped accent piece in antique brass finish. The two included 3W replaceable LED bulbs throw a soft, warm white light and are compatible with full-range dimmers, allowing you to adjust the brightness as needed for either task lighting or an accent light with the on/off rotary switch on the base. For added versatility, the base of the lamp shade features an articulation point, allowing you to rotate and redirect the shade for a variety of looks and lighting options.
