Radley Desk Lamp with Smart Switch

By Adesso Corp.

Description

Modern functionality and mid-century modern styling meet in the Radley Desk Lamp. The lamp is anchored by a square base in a metal finish supporting a matching metal stem leading to a rectangular shade. The shade houses an integrated, eco-friendly 8W LED light and a frosted diffuser for even lighting. With a touch smart switch conveniently located on the base, this lamp offers a full-range dimmer and five color temperature settings, making the perfect lighting available at the touch of a finger. For added functionality, the base of the lamp houses an integrated Qi-certified charging pad, supporting 5W charging on contact to get your phone from 0% to 100% in just 3-4 hours. A USB port is also located on the side of the base for charging a second device simultaneously. The lamp is powered by a 5 foot black cord to coordinate with the metal finish.

Specifications
