Collin RGB Table Lamp

By Adesso Corp.

Description

For a modern, minimalist design that adds vibrant ambient lighting, look no further than the Collin RGB Table Lamp. The lamp provides a minimalist silhouette, rising from a square black metal base to a tall slender cylindrical shade. Its size is ideal on nightstands where it can act as a nightlight or on end tables or desks for greater illumination. Operated by a touch switch conveniently located on the base, the shade projects light in a full spectrum of RGB color and features three brightness settings all controlled by the touch of a finger. The lamp is also powered by a 5 foot black cord.
