Collin RGB Floor Lamp
By Adesso Corp.

ETL

Description

For a modern, minimalist design that adds vibrant ambient lighting, look no further than the Collin RGB Floor Lamp. The lamp provides a minimalist silhouette, rising from a black metal base to a matching slim stem with a tall slender cylindrical shade. The compact footprint and elevated height of the integrated shade make this lamp a perfect choice behind or beside couches and love seats. Operated by a touch switch conveniently located on the stem, the shade projects light in a full spectrum of RGB color and features three brightness settings all controlled by the touch of a finger. The lamp is also powered by a 5 foot black cord.

Shown in black / white
