Turrell Desk Lamp with Wireless Charging

By Adesso Corp.

Description

A flexible task light, the Turrell Desk Lamp has a long arm that is easy to adjust in height and rotation. A metal finish, accented with a black fabric cord communicates a polished, contemporary look. The Turrell makes use of its black cloth covered cord and a special spring hidden in the base to balance its arm at any angle you choose to pose it. A small but powerful cylinder shade holds an energy-efficient 7 Watt LED. The simple 4-way touch dimmer switch (low, medium, high, off) is located at the end of the shade. For added functionality, the base of the lamp houses an integrated Qi-certified charging pad, supporting 5W charging on contact to get your phone from 0% to 100% in just 3-4 hours. A USB port is also located on the side of the base for charging a second device simultaneously.

Specifications
