Carlow Linear Chandelier

By Visual Comfort Studio

Description

The Carlow Linea Chandelier is a traditional tapered square lantern that is wider at the base and smaller at the top. The lantern's body has either a black or white metal frame suspended from, and accentuated by, a brass square tube armature. The brass armature is the focal point of the design and almost looks like a crown on top of the lantern frame. Title 24 Compliant when used with LED lamps.

Shown in brushed brass / matte white
