## Foles Task Table Lamp

By Visual Comfort Studio

### Description

The Foles Table Lamp is a sleek steel structure rising from a single stem balanced by a cylindrical, weighted base off to the front. The light source is placed beneath an angular folded shade extending from a crossbar. The crimped angularity of the shade cuts glare to the sides, focusing a reflected radiance below that gleams off the metalwork. On/off switch on socket.

Shown in burnished brass
