Andar Mirror

By Currey & Company

Description

The Andar Mirror has a beautiful ellipse shape, bringing the dark brown and ivory decorative mirror a feel of tailored sophistication in the slight tonal variations of the cream-colored bone and the striations created when the pieces of the natural material are placed onto the frame in a way that there is ribbing on the surface. A thin wood edge in a dark walnut finish envelops the bone, extending around to both the interior and exterior edges of the Andar.

Shown in bone / mirror
