## Kendall Chest

By Currey and Company

## Description

The Kendall Chest has a geometrically striking profile created by the interplay of peaks and valleys on its drawer-fronts. It is made of oak solids and veneers with surfaces in a dove gray finish that have been wire-brushed to accentuate the grain in the wood. The faceted dark brown chest is jewel-like, the metal pulls in a polished brass finish adding a glimmering touch to the warmth of the gem-like chest. The chest features 3 soft-close drawers.

Shown in polished brass / dove gray
