Senegal Wall Sconce

By Currey & Company

Description

The Senegal Wall Sconce, designed by Clarence Mallari, is so geometrically simple, it will make itself at home in a number of design styles from contemporary to transitional and mid-century modern to traditional. Made of wrought iron that has been painstakingly wrapped in abaca rope, the baton-shaped stem balances an off-white shantung shade at absolutely the perfect spot to create a wonderful symmetry. The shade is narrow enough that this rope wall sconce is ADA compliant.

Shown in natural rope / off white
