## Tia Table Lamp By Currey and Company

## Description

The Tia Table Lamp has a columnar body covered in an off-set brick pattern running along its circumference that is made of white bone and wood to bring the ivory and brown table lamp a refined sense of movement. The base in a matching wood is a pared-down element to keep the overall design simple. Adding to the warmth of the piece, which was designed by Aimee Kurzner, is the natural linen shade and the antique brass hardware and finial. 3-way socket swtich.
