Thebes Table Lamp

By Currey and Company

Description

Designed by Ian Thornton, who was inspired by Art Deco motifs from the 1920s and 1930s when he conceived the Thebes Table Lamp, the cast aluminum composition has a warm antique brass finish. The artful face with its expression that calls to mind both Egyptian and Parisian deco influences, looks into a room with its canny stare from both sides of the gold table lamp so it can be placed in the center of a space. The rectangular white shantung shade is perfectly in scale with the elongated metal body. On/off rocker switch on cord.

Specifications
