Paradiso Chandelier By Currey & Company

Description

Made of steel, the Paradiso Chandelier has a lyrical shape inspired by the Strelitzia reginae, more commonly known as the Bird of Paradise plant. The limbs that arc up and away from a central cone are in a contemporary silver leaf finish, while the cone and blossoms that flow around the light bulbs are in a contemporary gold leaf finish. This silver and gold chandelier is an example of how nature-inspired design elements are driving the biophilic movement.

Specifications
