Pathos Pendant By Currey and Company

Description

The Pathos Pendant dangles a shade that is a true work of art where the orb has been doused in reactive glazes that make their special qualities known in the antique gold on the top and matte charcoal on the bottom, which will look different when illumination flows through them. The beads on the top were melted into the molten glass just before it cooled to bring even more effervescence the design. This is definitely a fixture for anyone who appreciates individual elements made by hand. The canopies of this collection of multi-drops are in an antique silver finish.

Shown in silver / antique gold/ antique silver
