Alsop Pendant

By Currey and Company

Description

The shade of the Alsop Pendant was inspired by tortoise shell bracelets that were popular during the era when Hollywood glamour was at its height. Made of composite with a faux-horn surface, the shade on the brown pendant will be a warm element in a space. A refined aspect of the design is how the ribs arc outward and how they are staggered for greater texture than their surfaces bring. The canopies of the faux horn pendants in this collection are luminous in a painted silver finish.
